Certificate of Internship

This is to certify that **Mr Didar Singh** has successfully completed the summer internship program by the School of Artificial Intelligence and Data science, IIT Jodhpur, from 15-05-2024 to 15-07-2024.

He has worked on a project titled **"Porting a network model of anesthesia to Python based Brain 2 and NEURON environments"**. As part of the project, he implemented a complex Hodgkin-Huxley based dynamical system of a network of neurons in two Python frameworks, based on an existing MATLAB implementation.

We extend our best wishes for his future endeavors.

Dr. Saurabh Gandhi
(Faculty Supervisor)
